# The ADB's Pacific Approach: Three Priorities

## Reducing Costs

- Connectivity
- Renewable energy
- Enabling business environment

## Managing Risks

- Sound macroeconomic management (including trust funds)
- Climate change and disaster risk management
- Health and social protection

## Enabling Value Creation

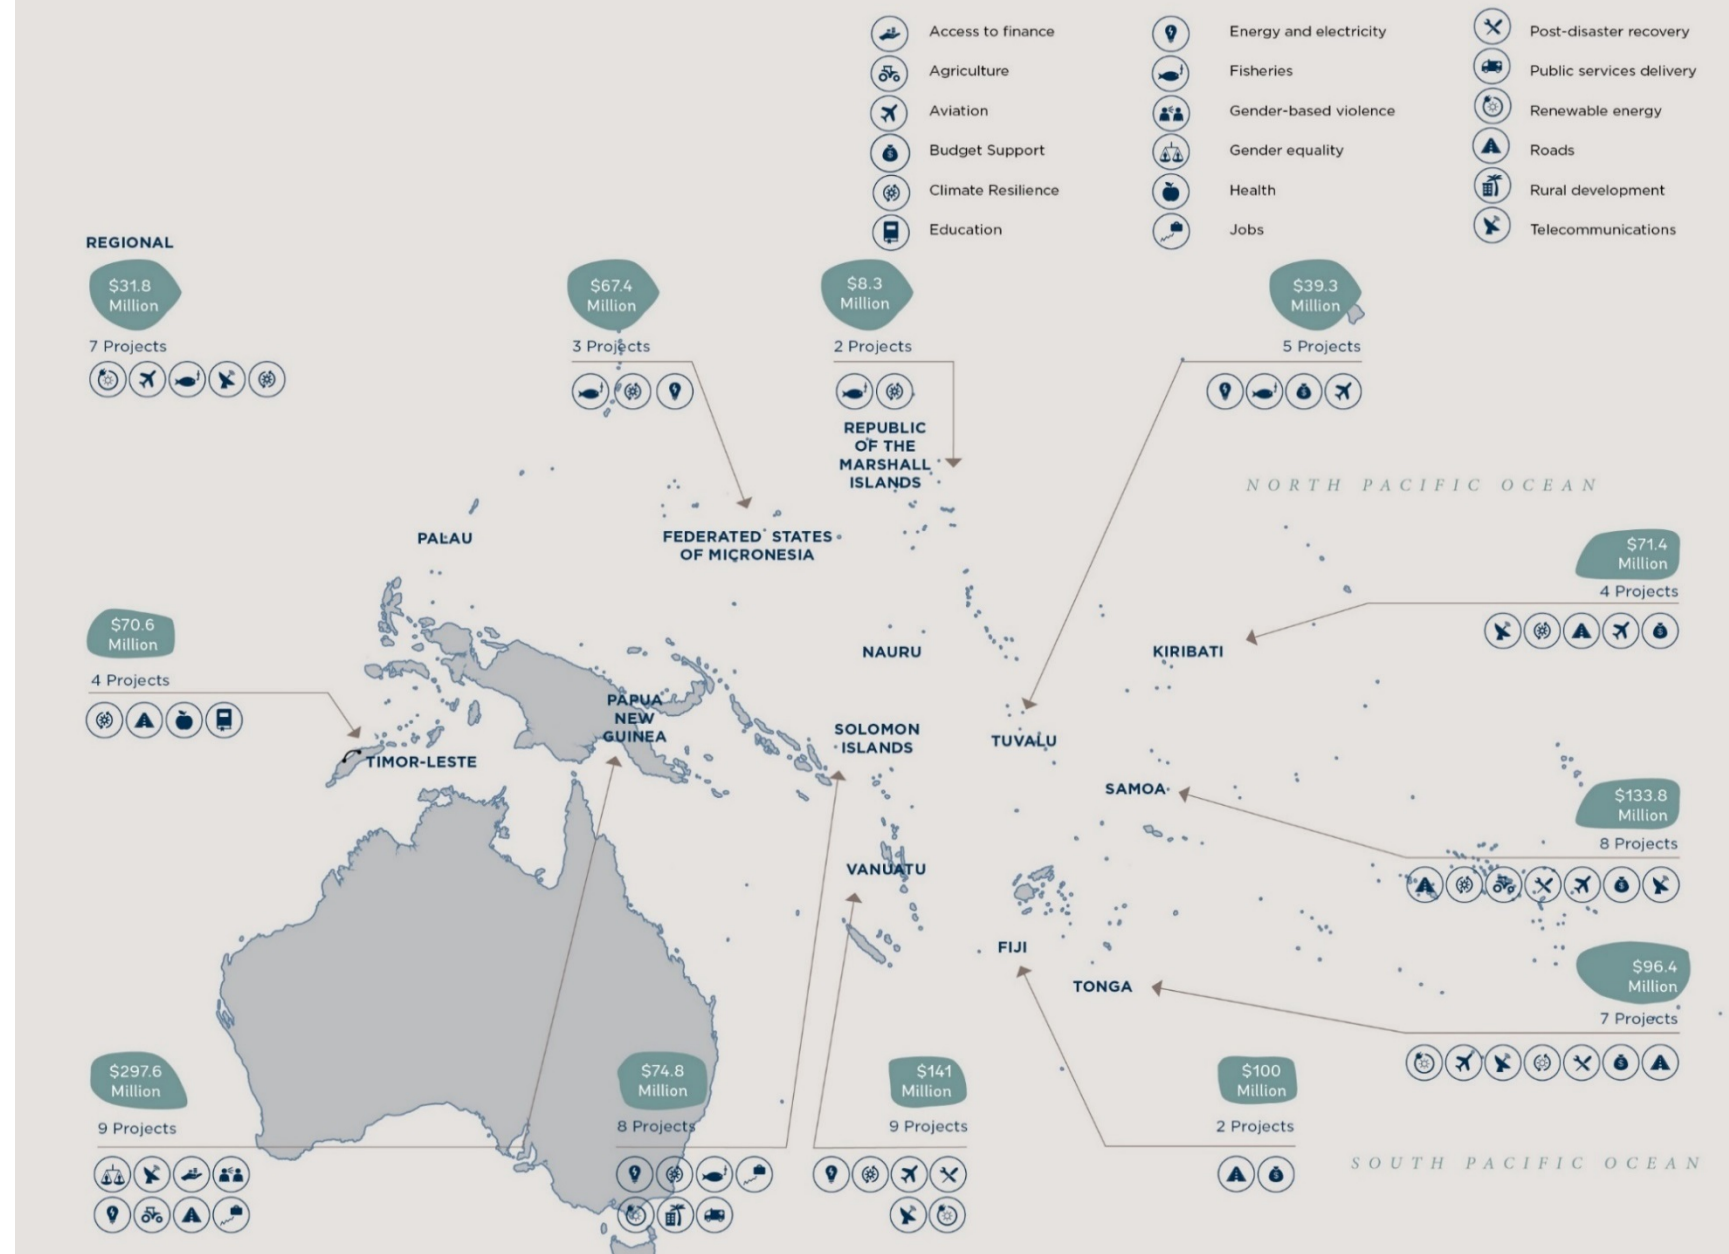

- Private sector development
- Livable urban areas
- Investing in people (education)
- Niche products and services

# ADB's Portfolio to Expand 40% from 2016 to 2019

# World Bank working in partnership with 13 countries across the Pacific region:

- 8 IDA only (of which five FCSs)
- 1 IBRD (Fiji)
- 2 Blend (PNG, Timor-Leste)
- 2 Gap (Nauru, Palau)

The WB's lending portfolio has quintupled over the past seven years<sup>1</sup>, and disbursements are also increasing.
